Notes:-

* The estimated value of the transactions for the period from the date of the forthcoming Eighteenth AGM to the date of the next AGM is based on past transactions and/or management estimates and on the assumption that current levels of operations will continue and all external conditions remain constant. Due to the nature of the transactions, the actual value of the transactions may vary from the estimated value disclosed above.

** The tenancy of the premises is for a period less than three (3) years and the rental payable is on a monthly basis, details of which are disclosed in Section 5(b) of this Circular to Shareholders.

*** The cost incurred will be on on-going basis during the product development cycle which typically ranges from 3 months to 18 months depending on the complexity of the product.

^ IQI ceased operation with effect from 1 April 2021

IQD ceased its manufacturing and sales of finished goods activity with effect from 1 April 2021.

None of the actual value transacted exceeded 10% of the estimated value as disclosed to the shareholders in the preceding year's Circular to Shareholders.

3. GUIDELINES, METHODS AND PROCEDURES IN RELATION TO RRPT

IQGHB Group has established and implemented the following guidelines, methods and procedures to ensure that the RRPTs are not to the detriment of the minority shareholders and are undertaken at arm's length and are on normal commercial terms which are on transaction prices and terms not more favourable to the related party than those extended to third parties/public:-

- (a) The scope and definition of arm's length and normal commercial terms are clearly stated and the methods, procedures and guidelines in determining the pricing, quality, reasonability, fairness and so forth for IQGHB Group's best interest together with the class of related parties and nature of transactions be laid out in a list and regularly updated from time to time to be circulated within IQGHB Group to all Executive Directors and relevant Department Heads with notification that all RRPTs are to be undertaken at arm's length and are on normal commercial terms which are on transactions prices and terms not more favourable to the Related Party than those extended to the third parties/public.
- (b) The transaction prices and the terms and conditions are determined by current market forces under similar commercial terms and normal trade practices for transactions with third parties.
- (c) All recurrent related party transactions shall be tabled at the Audit Committee Meeting for review on quarterly basis. The Audit Committee shall have the right to engage independent advisers or experts, if required, for the purpose of performing an independent and balanced assessment, evaluation and comparison of transaction price, terms and conditions prior to making any decision approving the RRPTs.
- (d) The Board and the Audit Committee shall approve the guidelines, methods and procedures with authority to delegate to the Company's Internal Auditors to review the procedures and to give their recommendations.
- (e) The Group Financial Controller shall assist to monitor all RRPTs complied with the guidelines, methods and procedures set up and to report on its findings and to update the Audit Committee.
- (f) The Group Financial Controller shall maintain a record of all RRPTs which have been approved by shareholders and the Audit Committee. The purpose of the said record is to ensure that all relevant approvals have been obtained and procedures have been complied with.
- (g) If during the quarterly review, the Audit Committee should be of the view that the guidelines and methods and procedures are no longer appropriate or adequate to ensure RRPTs are carried out on normal commercial terms or be prejudicial to shareholders, the Company will seek a fresh mandate from shareholders based on new guidelines and review procedures.

Where practical and/or feasible, at least two (2) other contemporaneous transactions with unrelated third parties for similar products and/or quantities will be used as comparison for determining that the price and terms offered by/to the Related Parties are fair and reasonable as compared with those offered by unrelated third parties.

In the event the pricing cannot be obtained from the unrelated third parties, the basis to determine the pricing is stated in paragraph 8 of the Circular to ensure that the Recurrent Related Party Transaction is not detrimental to the listed issuer or its group of companies.

4. **STATEMENT BY AUDIT COMMITTEE**

The Audit Committee of the Company has seen and reviewed the procedures mentioned in Section 3 above and is of the view that the said procedures are sufficient to ensure that the RRPTs are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders.

The Audit Committee is also of the view that the IQGHB Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. The Audit Committee has reviewed these procedures and processes annually.

5. **RATIONALE AND BENEFITS FOR THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE AND THE PROPOSED NEW SHAREHOLDERS' MANDATE**

The rationale for and benefits of the Proposed Renewal of Shareholders' Mandate and the Proposed New Shareholders' Mandate to IQGHB Group are as follows:

- (a) IQM had on 1 April 2004 entered into a trading agreement with Interquartz Taiwan Ltd. (now known as Sensorlite Inc.) ("SI") whereby SI shall perform centralised purchasing services in Taiwan for IQM and IQM shall pay a commission of 4% of the amount payable by SI to the local Taiwanese vendors for such services. By a Supplemental Agreement dated 15 March 2006, the commission was revised to 4% (based on purchases of first United States of America Dollar ("USD") 500,000), 3% (based on purchases ranging from USD500,001 to USD1,000,000) and 2% (based on purchases above USD1,000,000).

The benefit derived from the said transactions would be better utilisation of resources and centralisation. The transaction is conducted at arm's length, normal, commercial terms and on terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interests of minority shareholders.

It also enables IQGHB Group to transact with the transacting corporations in an expeditious manner to meet business needs for the supply and/or provision of goods and services which are necessary for its day-to-day operations particularly business needs which are time sensitive in nature.

- (b) On 1 April 2009, Interquartz Taiwan Ltd. (now known as Sensorlite Inc.) ("SI") entered into a tenancy agreement as landlord with IQM as tenant for the tenancy of the premises located at 5th, 6th and 7th floors, No. 16 Lane 130, Ming Chun Road, Hsin Tien, Taipei Hsien, Taiwan at a monthly rental of New Taiwan Dollar 620,000 based on current market rental value for the business of sourcing and procurement of raw materials and research and development activities of IQM. The monthly rental has increased to New Taiwan Dollar 720,000 with effective from 1 October 2014 as the rental has not been revised since April 2009. Effective from 1 April 2020, the monthly rental reduced to New Taiwan Dollar 620,000. Effective from 1 June 2020, the monthly rental is further reduced to New Taiwan Dollar 504,000 until 31 May 2021. Thereafter, the monthly rental shall resume to New Taiwan Dollar 620,000.

The transaction is conducted on normal commercial terms and on terms not more favourable to the Related Parties than those generally available to the public. IQM which has been renting the property from SI is long standing tenant.

- (c) SI shall perform centralised purchasing services in Taiwan for IQD and IQW. Instead of paying procurement commission to SI, the commission of 3% will be built into the Selling Price from SI.

- (d) IQM will enter into an agreement with IQA wherein IQM will manufacture products developed/co-developed by IQA. IQM will sell direct the finished goods to IQA on a normal buy-sell relationship (i.e. IQA acting as an importer). IQM will be granted rights to utilise the Intellectual Property invented by IQA and sell the finished goods to other regions excluding the territories of the United States, Canada and Mexico. The benefit is derived by having an active partner developing products which are relevant to our business and markets. This is expected to increase our sales to North America via IQA as well as to other global markets.
- (e) The Proposed Renewal Shareholders' Mandate and the Proposed New Shareholders' Mandate will facilitate transactions with Related Parties which are carried out in the ordinary course of business of IQGHB Group and are made on an arm's length basis and on terms not more favourable to the Related Parties than those generally available to the public and not in the Company's opinion detrimental to the minority shareholders.
- (f) The Proposed Renewal of Shareholders' Mandate and the Proposed New Shareholders' Mandate will enhance the IQGHB Group's ability to pursue business opportunities, which may be of time-sensitive in nature and it may not be practical to seek shareholders' approval on a case-by-case basis before entering into such transactions.
- (g) The transactions between the Related Parties allow the IQGHB Group more efficient utilisation of existing resources, prompt delivery and better bargaining power from reliable suppliers.
- (h) The Proposed Renewal of Shareholders' Mandate and the Proposed New Shareholders' Mandate will eliminate the need to make regular announcements or convene separate general meetings to seek shareholders' mandate for each transaction and as such, substantially reduce expenses, time and other resources associated with the making of announcements and convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow financial and manpower resources to be channelled to attain more productive objectives.
- (i) In addition, the IQGHB Group has long-standing business relationships with the transacting corporations. The transacting corporations have a proven track record of performance and have supported the Group for a long time.

7. THRESHOLDS FOR APPROVAL OF RRPTs WITHIN IQGHB GROUP

There are no thresholds for the approval of RRPTs within IQGHB Group and all related party transactions will be subject to periodic reviews by the Audit Committee to ensure that they have been transacted on arm's length basis and on commercial terms not detrimental to IQGHB Group and that proper disclosures will be made in the annual report of IQGHB in respect of the aggregate value of transactions conducted pursuant to the Proposed Renewal of Shareholders' Mandate and the Proposed New Shareholders' Mandate during the financial year.

If it is determined that the guidelines and/or procedures stated in Section 3 of this Circular are inadequate and to ensure that:-

- (i) the RRPTs will be conducted at arm's length and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and
- (ii) such transactions are not to the detriment of the minority shareholders of the Company or prejudicial to the interests of the shareholders,

the Company will obtain a fresh shareholders' mandate based on new guidelines and procedures. The Audit Committee shall also have the discretion to request for limits to be imposed or for additional procedures to be followed if it considers such a request to be appropriate. In that event, such limits or procedures may be implemented without the approval of shareholders, provided that they are more stringent than the existing limits or procedures.

8. STATEMENT ON TRANSACTIONS WITH UNRELATED THIRD PARTIES

8.1 Purchase of raw material and consumable tools

There are no quotations or comparative pricing from unrelated parties being obtained for the similar products or services because the prices quoted by SI are directly obtained from the vendors and thus equal to third party's arm's length pricing. In consideration of the centralised procurement and quality assurance performed by SI, SI will earn a commission for the services rendered. The details are disclosed in Section 5 of this Circular to Shareholders.

8.2 Tenancy

The determination of rental payable to SI from IQM is already based on the prevailing market rental rates and hence, no other comparative pricing was made.

8.3 Sales of finished goods and consumable tools to IQA

IQA acts as an agent

The sales value from IQM to IQA is equivalent to the sales value from IQA to end customers, and thus, is considered to be third party's arm's length pricing. IQA in return will receive a 5% to 10% commission from IQM from the sales transactions. In light of such arm's length arrangement, there is no comparative pricing made.

IQA acts as an importer

In a new business arrangement, the sales value from IQM to IQA is subject to the agreement between IQM and IQA on a buy-sell relationship and shall be determined based upon prevailing rates/prices of the same according to normal commercial terms.

8.4 Reimbursement of expenses

IQA acts as an agent

IQA will be reimbursed by IQM on what it has paid to the third party vendors at an amount equal to third party prices on behalf of its principal, namely IQM. IQA is acting as an agent for IQM and will claim all the expenses from IQM. In light of such arm's length arrangement, there is no comparative pricing made.

8.5 Reimbursement of new product development cost

IQA acts as an importer

Where practical, IQA will settle directly with the vendors the product development cost related to the Original Equipment Manufacturing ("OEM") development (mainly mechanical and optical works), which are required by IQM to manufacture products developed by/co-developed with IQA and in materialising the delivery of the finished goods to IQA. The product development cost includes tooling/mould, jig & fixture, mock up expenses, product approbation/ certification to meet the product safety requirements etc. IQM will reimburse from IQA on other OEM and non OEM related product development cost (if any applicable) based on the actual cost incurred. Hence, there is no comparative pricing made.

The terms of the pricing of the above RRPTs are always consistent with the IQGHB Group's usual business pricing practices and policies. Hence, the pricing is not more favourable to the transacting corporations than to the public (where applicable) and not to the detriment of the minority shareholders of IQGHB.

9. **EFFECT OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE AND THE PROPOSED NEW SHAREHOLDERS' MANDATE**

The Proposed Renewal of Shareholders' Mandate and the Proposed New Shareholders' Mandate are not expected to have any material effect on the total number of issued shares, consolidated Net Assets, consolidated earnings, gearing and Major Shareholders' shareholdings of IQGHB Group.

10. **AMOUNT DUE AND OWING TO IQGHB GROUP BY RELATED PARTIES**

The total outstanding amount as at financial year ended 31 March 2021 was RM17,979,182. The total amount due and owing to IQGHB Group which exceeded the credit term arising from the RRPTs as per section 10 of this Circular amounted to RM16,220,898 is shown as follows:-

Principal Sum (RM)	Late Payment Interest (RM)	Amount due which exceeded the credit term ("Overdue Sum") (RM)			
		1 year or less	More than 1 to 3 years	More than 3 to 5 years	More than 5 years
16,220,898		16,220,898	-	-	-

There was no late payment charges imposed as IQGHB Group and the related party concern had amicably agreed that the overdue sum would be progressively settled within the financial year ending 31 March 2022. As of 30 June 2021, the overdue sum of RM1,510,787 has been settled. The Company has also obtained a support letter from the Interested Director who has undertaken to provide continued support to enable the related party to meet its financial obligations within the next twelve (12) months to enable the related party to continue as a going concern and to repay the Overdue Sum.
